EDUCATION TRAINING

Apr. 2019 – Nov. 2019

The App Brewery

Online

Full-stack Web Development

- Completed intensive training in web development, focusing on front-end and back-end technologies
- Developed several web applications using HTML5, CSS3, JavaScript, and Node.js
- Collaborated with a team of developers to build and deploy a fully functional e-commerce website

Jan. 2022 – Apr. 2022

CS50 - CS50's Introduction to Computer Science (Harvard University)

Online

- This introductory computer science course from Harvard University teaches core programming concepts and skills through hands-on projects.
- Covered topics include algorithms, data structures, web development, software engineering, and more.
- Found the course extremely valuable for gaining a well-rounded introduction to computer science applicable across technical roles and industries.
- Developed a passion for programming and problem-solving through diverse projects inspired by real-world domains.

Nov. 2023 – Nov. 2023

The App Brewery (Continued) - Mobile Development with Flutter

Online

- Explored mobile development using Flutter and Dart programming language through an online course.
- Acquired skills in building mobile applications for both iOS and Android platforms.
- Completed numerous portfolio projects demonstrating proficiency in Flutter and Dart.
- Applied knowledge in real-world scenarios, enhancing my capabilities in mobile application development.

WORK EXPERIENCE

Freelancer & Web Developer

During this period, I operated as a Freelancer and Web Developer, contributing to a diverse range of projects that showcased my ability to deliver both visually appealing and highly functional websites. Key accomplishments include:

Project Delivery Excellence:

- Successfully completed various freelance web development projects, consistently meeting or exceeding client expectations.
- Demonstrated a keen eye for design and user experience, resulting in visually compelling websites.

Front-end Expertise:

- Utilized advanced front-end design skills encompassing HTML5, CSS3, and JavaScript to craft engaging user interfaces.
- Implemented responsive design principles to ensure optimal user experiences across different devices.

Effective Collaboration:

- Implemented version control using Git, ensuring efficient project management and collaboration.
- Collaborated closely with clients throughout the development process to understand and fulfil project requirements.

Highlighted Projects:

- **Omeed Private High School Website:**
<https://www.omeed.edu.af>: Developed a website for Omeed Private High School, presenting the institution effectively and garnering national recognition and support.
- **Youth Savior Foundation Website:**
<https://www.youthsaviorfoundation.com>: Designed and developed the website for the Youth Savior Foundation, significantly contributing to the enhancement of the foundation's activities.
- **Line Civic Institution Website:**
<https://www.lineinstitution.com>: Created a website for Line Civic Institution, playing a pivotal role in improving the visibility and impact of the institution's initiatives.

PERSONAL SKILLS

Mother Language

Persian

Other Languages

	UNDERSTANDING Listening & Reading		SPEAKING	WRITING
English	EXCELLENT	EXCELLENT	GOOD	EXCELLENT

Computer skills

- Programming Languages (JavaScript, Python & Dart)
- Web Development languages (HTML5, CSS3, Bootstrap, Node.js, React.js & React Native)
- Mobile Development languages (Flutter & React Native)
- Database Management (MySQL & MongoDB)
- Version Control (Git & GitHub)
- Softwares (Microsoft Office Suite & Video and Audio Editing Softwares)
- Graphic Design (CorelDRAW, Adobe Photoshop CC)

Hobbies and interests

- Learning new languages: Expanding linguistic skills and cultural understanding
- Reading Books and Tech Articles: Staying updated with industry trends and gaining knowledge
- Mentoring students and friends: Sharing expertise and supporting personal growth
- Playing computer and strategy games: Engaging in recreational activities
- Solving challenging puzzles and complex riddles: Enhancing problem-solving abilities
- Talking and socializing with friends: Building connections and fostering relationships

ADDITIONAL INFORMATION

Seminars

Certificate of Participation from SEAR Psychology and Consulting Centre for Successfully Participating in the Effective Teaching Seminar (2020)
